NITIN PATHAK

Full-Stack Developer (MERN Stack) passionate about building user-friendly web applications.
Uttarakhand, India | +91 7817982464 | pathakn475@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full-Stack Developer skilled in MERN stack and Next.js, with hands on experience building AI-powered and data-driven web applications. Developed scalable solutions including authentication systems, attendance tracking platforms, and AI-integrated portfolio with chatbot, focusing on security, performance, and user experience.

EXPERIENCE

MERN Stack Developer – Codec Technologies Aug 2025 - Oct 2025

- Strengthened application security by implementing **JWT-based authentication**, reducing unauthorized access risks.
- Improved user data protection through **encrypted password storage and secure session management.**
- Enhanced user experience with smooth login/signup flow and validation handling.
- Developed REST APIs for efficient frontend-backend communication.
- Increased application reliability through scalable backend structure

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, Tailwind CSS, React.js, Next.js, Bootstrap
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, MySQL
- **Programming:** JavaScript, C++, Python
- **Tools:** Git and GitHub, VS Code, Postman
- **Deployment:** Vercel, Netlify, Render
- **Concepts:** REST APIs, JWT Authentication, OOP, Debugging, Data Structures & Algorithms

EDUCATION

BCA (Computer Applications) (2022-2025)	Amrapali Group of Institutes, 68%
XII (SVMIC, Ramnagar) (2020-2022)	Saraswati Vidya Mandir Ramnagar, 59%
X (AMHSS Bailpokhara) (2010-2020)	Ashish Modern Higher Secondary School, 69%

ACADEMIC PROJECTS

AI Movie Insight Builder | Next.js, API Integration, Gemini AI – March 2026

- Enabled users to fetch real-time movie insights using dynamic ID-based search, improving data accessibility
- Enhanced user interaction by integrating **Gemini AI**, providing intelligent and contextual responses

Attendance Tracker Web Application | React.js, REST APIs – December 2025

- Improved attendance management by implementing a **graph-based tracking system**.
- Enabled flexible **date-wise attendance recording**, increasing user control and usability.

Personal AI Portfolio & Chatbot | React, Python, MongoDB – February 2026

- Boosted recruiter engagement by building an **AI-powered interactive portfolio**.
- Automated user interaction using a **custom-trained chatbot**, providing personalized responses.

CERTIFICATIONS

- Cyber Security Training program certificate – By Honeywell ICTA Academy
- MERN Stack certificate – By Codec Technologies
- Technology Job Simulation Certificate – Deloitte (via Forage).

SOFT SKILLS

Problem Solving, Team Collaboration, Communication, Adaptability, Quick Learner
