

NITIN PATHAK

Web Developer (MERN Stack) passionate about building user-friendly web applications.
Uttarakhand, India | +91 7817982464 | pathakn475@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Web Developer with a strong interest in Software Development. Hands-on experience in frontend technologies such as HTML5, CSS3, JavaScript, and React.js. Apart from this, I have also worked on MERN Stack projects. Strong understanding of Python along with familiarity with SQL queries. Passionate about learning new technologies, solving real-world problems, and building impactful projects.

EXPERIENCE

MERN Stack Developer – Codec Technologies Aug 2025 - Oct 2025

- Implemented JWT-based authentication and authorization to secure user access and protected API endpoints.
- Improved user data protection by engineering secure password hashing using bcrypt and implementing robust session management.
- Enhanced modular REST APIs for authentication, user profiles, and data handling to ensure efficient frontend-backend communication.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, Tailwind CSS, React.js, Next.js, Bootstrap
- **Backend:** Node.js, Express.js, Python
- **Database:** MongoDB, MySQL (Joins, Aggregations, Query Optimization)
- **Programming:** JavaScript, C++, Python
- **Concepts:** REST APIs, JWT Authentication, OOP, Debugging, Data Structures & Algorithms
- **AI Tools :** GitHub Copilot, Claude, ChatGPT, Cursor

EDUCATION

BCA (Computer Applications) (2022-2025)	Amrapali Group of Institutes, 68%
XII (SVMIC, Ramnagar) (2020-2022)	Saraswati Vidya Mandir Ramnagar, 59%
X (AMHSS Bailpokhara) (2010-2020)	Ashish Modern Higher Secondary School, 69%

ACADEMIC PROJECTS

Movie Insight Builder | Next.js, API Integration, Gemini AI – March 2026 [View](#)

- Enabled users to fetch real-time movie insights using dynamic ID-based search, improving data.
- Developed user interaction by integrating **Gemini AI**, providing intelligent and contextual responses

Attendance Tracker Web Application | React.js, REST APIs – December 2025 [View](#)

- Improved attendance management by implementing a **graph-based tracking system**.
- Enabled flexible **date-wise attendance recording**, increasing user control and usability.

Portfolio with custom Chatbot | React, Python, MongoDB – February 2026 [View](#)

- Boosted recruiter engagement by building an **AI-powered interactive portfolio**.
- Automated user interaction using a **custom-trained chatbot**, providing personalized responses.

Room Booking System | React.js, Node.js, Express.js, MySQL, Aiven, Render, Vercel | [View](#)

- Developed a full-stack room booking web application with user authentication & room reservation
- Built and integrated RESTful APIs using Express.js and connected a cloud-based MySQL database.
- Deployed the frontend on Vercel and backend on Render with live production integration.

CERTIFICATIONS

- Cyber Security Training program certificate – By Honeywell ICTA Academy
- MERN Stack certificate – By Codec Technologies
- Technology Job Simulation Certificate – Deloitte (via Forage)
